Ways to empower women in Tech through workshops and events

null auf eins

How I got started

- Coach at Rails Girls workshops and Women Tech Maker events in Vienna
- Organizer of OpenTechSchool meetup in Leipzig
- Mentor at Jugend Hackt event in Halle and Dresden

null auf eins

OpenTechSchool meetup

- free and open to all genders
- no agenda, a space to meet, work on projects and chat about technology
- projects/ideas that were started here:
  - Django girls
  - hackerinnen.space
  - rC3 game
  - creative coding online sessions
  - #WirVsVirus hackathon
  - OpenTechSchool website redesign
  - Leipzig helps Ukraine

Find us at Basislager Coworking or meetup.com

nullaufeins e.V.

- founded by the core members of the OpenTechSchool meetup
- the foundation to collect donations and funding (Gemeinnützigkeit)
- free Tech events that we organised:
  - hack for good
  - various workshops at festivals
  - “Meine Pflanze flucht” workshop

nullaufeins.org

”Meine Pflanze flucht“ workshop

- in 2023 we organised 3 workshops with 20 women each
- full day workshop
- 4-5 coaches at each workshop
- intro into electronics and programming
- free of charge for attendees
- funded by the Kulturstiftung Sachsen

Goals

- creating a save space for women to learn and explore technology
- organising events that:
  - are beginner friendly
  - allow women to ask questions and learn from each other
  - events that bring different talents together
- grow the network of women in Tech and make them more visible
- building up a support systems / growing the Tech community
